## Séverine Chardonens

- o Co-Founder and CCO of IDUN Technologies ([www.iduntechnologies.ch](http://www.iduntechnologies.ch))
- o BSc ETH Health Sciences & Technology & MSc ETH Medical Technologies
- o Winner of countless prizes (EMBA executive program IMD Lausanne, Top 50 start up BILAN, Finalist Swiss Technology Award and many more)

After our spring event was cancelled like so many others, we are very pleased to invite you to our next event. Once more we are proud to announce an interesting and competent speaker: Séverine Chardonens will tell us about her career and the exciting adventure of founding a start-up. You will also have the opportunity to ask Séverine your questions and exchange ideas over a glass of wine.

In order to keep the distance in our aula, the number of seats is limited. Please register until November 4th via e-mail ([info@scs.ch](mailto:info@scs.ch)). First come, first served.

Will you join us? We are looking forward to meeting you all!

Kind regards,  
Supercomputing Sisters\*
